14^{ème} TOURNOI INTERNATIONAL DE JIÀOSHÙ 跤术 et de SHŌU BÓ 手博

Paris, December 30, 2023

Dear martial arts practitioners,

*We send you all our best wishes for this new year.
It will be very rich with the next Olympic and Paralympic Games in Paris 2024.*

This tournament is part of the sporting and cultural dynamics of the City of Paris.

Reaching the level of an Olympic discipline would be the dream of wushu and martial arts practitioners as well as the Chinese people.

In Wushu, the forms of combat are practiced without aggression, without violence, the fighter uses the strength of the opponent, flexibility, speed, with elegance.

The momentum linked to the preparation of the 2024 Olympic Games in Paris gives us a chance to make our discipline known and show our know-how in France.

On May 4 and 5, we are organizing the 14th SHOU BO INTERNATIONAL TOURNAMENT in three levels: XIANG BO, SHUAI JIAO, and SHOU BO.

The organization of this tournament is very important because we must admire and publicize the quality of international competitions.

We hope that you will understand the importance of organizing this international tournament, and we are convinced that we can count on all of you, on your support and your competence in this competition in order to contribute to its full and complete success.

*The President,
Member of the Organizing Committee,
Pascal MARIE NOEL*

*The Vice-President,
Director of the Organizing Committee,
